The American Home 1977-07

Resorts Robert Christie Mill 2007-09-28 Effectively Develop and Manage a Resort Property-Revised and Updated In recent years, the definition of "resort" has expanded to include any facility that provides recreation and entertainment in combination with lodging. Revised and updated for these changes, *Resorts: Management and Operation, Second Edition* covers both new trends, like the increasing popularity of timeshares and cruise ships, and tried-and-true businesses like ski areas, golf resorts, spas, and casinos. The book provides a comprehensive look at how today's industry classifies, develops, markets, and manages these various properties. In addition to covering new growth areas in the resort field, this Second Edition also features a wide range of resources for learning, including: * New chapters on cruise ships, specialty resorts, and casinos, highlighting the newest trends in the industry * New resort case studies in each chapter * Expanded coverage on spas, pools, and indoor waterparks * Quick Getaway sidebars, showing practical examples and applications of theories discussed in the book * Updated statistics throughout the text that reflect the latest industry information * Enhanced discussions of the importance of developing facilities from an environmentally conscious and business-smart perspective so that the integrity of the natural base is maintained Students on their way to a career in resorts, as well as professionals seeking to update or improve their understanding of the business, will find *Resorts: Management and Operation, Second Edition* the key to success in this exciting industry.

The Simple Dollar Trent A. Hamm 2010-06-09 Struggling with debt? Frustrated about work? Just not satisfied with life? The Simple Dollar can change your life. Trent Hamm found himself drowning in consumer debt, working in a job he couldn't stand... and figured out how to escape that debt and build the fulfilling career he'd always dreamt about, all at the same time. Hamm shared his experiences at TheSimpleDollar.com—and built it into one of America's top personal finance

websites. Now, The Simple Dollar is a book: packed with practical tips, tools, and lessons you can use to transform your life, too. This isn't just "another" personal finance book: it's profoundly motivating, empowering, practical, and 100% grounded in today's American realities. Trent Hamm will show you how to rewrite the rules, creating healthier relationships with money... and with your loved ones, too. With his help, you can get out of debt, start moving forward, and build the strong personal community that offers true happiness—no matter what happens to the economy. · Escape the plastic prison, and stop running to stand still 5 simple steps to eliminate credit card debt... and 5 more to start moving forward · Shift your life's balance towards more positive, stronger relationships Learn how to put the golden rule to work for you · Discover the power of goals in a random world Then, learn how to overcome inertia, and transform goals into reality · Navigate the treacherous boundaries between love and money Move towards deeper communication, greater honesty, and more courage

Architect's Pocket Book of Kitchen Design Charlotte Baden-Powell 2006-08-11 As with the best-selling 'Architects Pocket Book' this title includes everyday information which the architect/designer normally has to find from a wide variety of sources and which is not always easily to hand. Focusing on kitchen design, this book is of use to the student as well as the experienced practitioner. It outlines all the information needed to design a workable kitchen, including ergonomics, services such as water and waste, appliances, and material choices for the floor, walls and ceiling. There is no similar compendium currently available. *Consumer Reports Volume Seventy-one* 2006

Sustainable Planet Juliet Schor 2003-01-20 Can we find ways of living that are sustainable and deeply satisfying, that ensure economic and political democracy, and are passionate about beauty, elegant design, and the wildness of nature? The contributors to *Sustainable Planet* say we can, and offer 16 remarkable visions of how to get from here to there, including: * Specific proposals from citizen and labor coalitions that articulate a positive alternative to the free-trade model of globalization * The emergence of local food systems that allow us to eat fresher, better tasting food while protecting family farms and conserving the environment * New thinking about industrial design and engineering that is leading to production systems which generate no waste * How we might create a fashion industry that weds aesthetic pleasure with social justice * Five economic policy recommendations that could move us toward a sustainable economy * What you can do to create a real sense of community where you live * A road map for building the political will to change the system before it's too late. This anthology grew out of the work of the Center for a New American Dream (CNAD), a nonprofit organization dedicated to helping Americans change the way they consume to improve quality of life, protect the environment, and promote social justice.
