Social Chemistry Marissa King 2022-01-04 “One of the most interesting and useful books ever written on networking.”—Adam Grant *Social Chemistry* will utterly transform the way you think about “networking.”

Understanding the contours of your social network can dramatically enhance personal relationships, work life, and even your global impact. Are you an Expansionist, a Broker, or a Convener? The answer matters more than you think. . . . Yale professor Marissa King shows how anyone can build more meaningful and productive relationships based on insights from neuroscience, psychology, and network analytics. Conventional wisdom says it's the size of your network that matters, but social science research has proven there is more to it. King explains that the quality and structure of our relationships has the

greatest impact on our personal and professional lives. As she illustrates, there are three basic types of networks, so readers can see the role they are already playing: Expansionist, Broker, or Convener. This network decoder enables readers to own their network style and modify it for better alignment with their life plans and values. High-quality connections in your social network strongly predict cognitive functioning, emotional resilience, and satisfaction at work. A well-structured network is likely to boost the quality of your ideas, as well as your pay. Beyond the office, social connections are the lifeblood of our health and happiness. The compiled results from dozens of previous studies found that our social relationships have an effect on our likelihood of dying prematurely—equivalent to obesity or smoking. Rich stories of Expansionists like Vernon Jordan, Brokers like

Yo-Yo Ma, and Conveners like Anna Wintour, as well as personal experiences from King's own world of connections, inform this warm, engaging, revelatory investigation into some of the most consequential decisions we can make about the trajectory of our lives.

Billboard 2001-10-06 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The Art of Domination
Elizabeth Noble 2019-08-31 Taren Murdoch is a guardian and protector by nature. He's also a husband, an investigator for the Idaho State police, and most importantly, his husband's Dom. Being the Dom Ian

deserves is Taren's top priority. He's planned a trip, some special time away where the two of them can live out some of their fantasies in a fun and safe environment. Ian Groden is the CEO of his family business, but at home he relinquishes control to Taren. He loves that Taren is his Dom, and more so when they combine pain with pleasure in their sexual play. Taking their trip requires time away from work. Despite Ian's efforts, he wasn't able to take as much time as Taren asked. Now it's time to face his punishment. They'll be spending four glorious nights at an adult resort. Before that can happen, a few details need to be ironed out. The first is to ensure neither has any hard feelings about their late start. Does Taren have the skills as Ian's Dom to deliver discipline and well as pleasure?

The Comic Storytelling of Western Japan M. W.

Shores 2021-08-12 Rakugo, a popular form of comic storytelling, has played a major role in Japanese culture and society. Developed during the Edo (1600–1868) and Meiji (1868–1912) periods, it is still popular today, with many contemporary Japanese comedians having originally trained as rakugo artists. Rakugo is divided into two distinct strands, the Tokyo tradition and the Osaka tradition, with the latter having previously been largely overlooked. This pioneering study of the Kamigata (Osaka) rakugo tradition presents the first complete English translation of five classic rakugo stories, and offers a history of comic storytelling in Kamigata (modern Kansai, Kinki) from the seventeenth century to the present day. Considering the art in terms of gender, literature, performance, and society, this volume grounds Kamigata rakugo in its distinct cultural context and sheds light on the 'other'

rakugo for students and scholars of Japanese culture and history.

Sword Art Online: Girls' Ops, Vol. 5 Reki Kawahara

2019-03-19 It's just an ordinary day for the girls' ops crew until a crimson-haired newbie named Garnet storms into Liz's blacksmith shop, demanding her most powerful weapon. Amused by the rookie's spunk, the girls decide to join her on a quest, planning to teach her a thing or two about gaming. As they make headway, all seems well until a mysterious path appears...Just what could be waiting ahead?

Winter Tide Ruthanna Emrys 2017-04-04 "Winter Tide is a weird, lyrical mystery — truly strange and compellingly grim. It's an innovative gem that turns Lovecraft on his head with cleverness and heart" —Cherie Priest After attacking Devil's Reef in 1928, the U.S. government rounded up the people of Innsmouth and took them to

the desert, far from their ocean, their Deep One ancestors, and their sleeping god Cthulhu. Only Aphra and Caleb Marsh survived the camps, and they emerged without a past or a future. The government that stole Aphra's life now needs her help. FBI agent Ron Spector believes that Communist spies have stolen dangerous magical secrets from Miskatonic University, secrets that could turn the Cold War hot in an instant, and hasten the end of the human race. Aphra must return to the ruins of her home, gather scraps of her stolen history, and assemble a new family to face the darkness of human nature. Winter Tide is the debut novel from Ruthanna Emrys, author of "The Litany of Earth."

Understanding Loliism: A Grasp on Loli Appeal Kai Wei 2018-05-11 Have you ever heard the term loli within the realm of anime and manga? Do you wonder what exactly lolis are and

why there is a strong appeal for them? Then this is the book for you! In **Understanding Loliism: A Grasp on Loli Appeal**, we take an in-depth look into the appeal for lolis as well as how you can become a Lolicon today! To better understand and defend the beliefs of Loliism, reading this book is essential. This book was also created to help others understand the misconceptions of Loliism and to get your friends and family to understand your appeal to lolis. As you go through this book, you will: - Understand loliism - Learn the Loli Creed - Go over the Lolicon Ten Commandments - Better understand what counts as lolis - Shape your view on Loliism and lolis **This book is not a serious book and its content is not to be acted upon**
I Am Tama, Lucky Cat
Wendy Henrichs 2016-02-02 Under the shadow of the white-capped mountains of Japan, a kind and gentle monk takes in a white cat

with unusual markings and names him Tama, Lucky Cat. Tama watches as his new master teaches Buddha's ways to poor farmers, caring for their welfare while ignoring his own empty stomach. Tama truly earns his nickname, "Lucky Cat," when during a powerful thunderstorm, he sees a towering warlord on a white horse. The cat beckons the warrior forward just as a large branch crashes to the ground and lands right where the warlord had previously stood. In gratitude to Tama, the warlord lavishes gifts on the monk's poor temple. In a marriage of graceful text based on one of the legends of Maneki Neko—"beckoning cat," in early Edo-period Japan—and breathtaking watercolor illustrations, debut author Wendy Henrichs and award-winning illustrator Yoshiko Jaeggi offer a beautiful story of friendship, generosity, and kindness.

Corporate Explorer Andrew

Binns 2022-02-02 Corporate Explorers Transform Disruption Into Opportunity With This Proven Framework Innovation used to be seen as a game best left to entrepreneurs, but now a new breed of corporate managers is flipping this logic on its head. These Corporate Explorers have the insight, resilience, and discipline to overcome the obstacles and build new ventures from inside even the largest organizations. Corporate Explorers are part entrepreneurs, using innovation disciplines to jump start cutting-edge ideas, and part change leaders, capable of creating support for investment. They see that corporations already own the ideas, resources, and—critically—the talent to build new ventures. Companies like Amazon, Microsoft, Bosch, LexisNexis, and Analog Devices enable managers to put these assets to use and gain an upper hand over startups

that threaten to disrupt them. Corporate Explorer is a guidebook to the practices that enable these managers to go from idea into action. It demonstrates how success is not only possible but may offer entrenched companies better odds than venture-capital backed startups. This actionable and proven framework explains how managers can become successful corporate innovators; it includes tools to: Learn how to apply innovation practices with greater discipline Turn great ideas into a full-time job as an innovation leader Experiment with and scale original business models Transform innovation programs into a thriving source of new business Attract, retain, and motivate entrepreneurial talent Energize employees by creating a realistic way to innovate These lessons come from the trailblazers of corporate innovation—Andrew Binns (Change Logic), Charles

O'Reilly (Stanford Graduate School of Business), and Michael Tushman (Harvard Business School)—who have decades of experience helping entrepreneurial-minded executives activate employees to become Corporate Explorers. Entrepreneurs take notice—it's time for Corporate Explorers to set the pace and chart the course for disruption.

Opening the Door to Elder Abuse 1996

My Lucky Charm Maneki

Neko Jprint Creation Co

2019-05-02 JAPANESE LUCKY CAT DESIGN (6" X 9"

- 120 LINED PAGES) Start Your Day Great With Daily Gratitude Writing! Gratitude is a feeling of thankfulness and gratefulness, and showing appreciation for what one has been blessed each day. For the law of attraction to work, you can start your day right by writing down 3 things that you would like to attract throughout the day. The splendid feelings of

unconscious expectation will fill your day with many blessings. This journal notebook is designed with a traditional lucky cat (Maneki Neko) to make it a fun and charmed notebook. It consists of lined pages for you to write or doodle just anything! So get your copy today, or even gift one to a friend and start your journey to happiness together!

1871

Blackmailed to be Me
Sissy Neko 2020-05 Daniel led a boring life, he dreamed of embracing his true self. One day while surfing the web he found a service. A service that offered an exciting opportunity. Follow Daniel on the wildest week of his life as he steps so far out of his comfort zone he will never be the same again.

Category Theory in Context
Emily Riehl 2017-03-09
Introduction to concepts of category theory —

categories, functors, natural transformations, the Yoneda lemma, limits and colimits, adjunctions, monads — revisits a broad range of mathematical examples from the categorical perspective. 2016 edition.

Chibi Girls Coloring Book Big Lover Chibi Girls 2021-05-06
A cute anime style Chibi Girls Coloring Book for both adults and kids!

The River of Life Michael Marchand 2013-10-29
Sustainability defines the need for any society to live within the constraints of the land's capacity to deliver all natural resources the society consumes. This book compares the general differences between Native Americans and western world view towards resources. It will provide the 'nuts and bolts' of a sustainability portfolio designed by indigenous peoples. This book introduces the ideas on how to link nature and society to make sustainable choices. To be sustainable, nature

and its endowment needs to be linked to human behavior similar to the practices of indigenous peoples. The main goal of this book is to facilitate thinking about how to change behavior and to integrate culture into thinking and decision-processes.

Teach Yourself Java for Macintosh in 21 Days Laura Lemay 1996-01-01 Takes a tutorial approach towards developing and serving Java applets, offering step-by-step instruction on such areas as motion pictures, animation, applet interactivity, file transfers, sound, and type. Original. (Intermediate).

Lucky Cats Paper Dolls Maggie Swanson 2012-04-19 Two adorable kitty paper dolls, based on the Asian legend of the raised paw or "beckoning" cat, come with more than 40 fanciful costumes and a bonus poster with dozens of stickers.

Chibi Girls Unicorn Coloring Book April Amber

2020-11-16 2020 Gift Ideas 31 Unique Images Repeated Great Value The Chibi Girls Unicorns Coloring Book from April Amber filled with 31 unique Kawaii Girls and Unicorn scenes which are repeated so you get two images for the price of one. This coloring book is for all kids of all ages but I'm sure there are also adults who would love coloring in these beautiful girls and their cute unicorn friends and why not, it's a lot of fun to see them come to life with some vibrant colors no matter your age. These adorable girls and Unicorns will take your breath away with stunning cute poses. If you like all things cute you'll love this book. All girls dressed in different outfits and having fun with their Unicorn pets all set in their own unique backdrops. These designs are a lot more detailed than the previous Chibi Girl coloring books, giving a lot more fun and enjoyment, as well as a new challenge for young and

old, it will certainly test your skills but overall a better coloring experience for everyone. Why You Will Adore this Book Relax and Color. A good way to pass the time away having fun young or old, great for relaxing and freeing the mind. Cute Fun Illustrations. There are 31 unique images in this book which been repeated giving you double the fun and pleasure and a chance to try out a different color theme on any particular scene you choose. Single-sided Pages. All images in this book have been black-backed to reduce the appearance of bleed through, best practises is to simply add additional sheets of paper between designs before coloring to prevent bleeding on the preceding pages. Gorgeous Detailed Designs. They are not super difficult but will require a level of skill but that said take your time, practice, there's no rush, enjoy the experience and have lots of fun! A Must

Gift For All Chibi Anime Fans. If you know someone who loves coloring and are Chibi, Kawaii, Manga, Anime fans then this coloring book is a must gift for them, watch their eyes light up when they see this book, it will be picture to say the least.

Performance Dashboards

Wayne W. Eckerson

2005-10-27 Tips,

techniques, and trends on

how to use dashboard

technology to optimize

business performance

Business performance

management is a hot new

management disciplinethat

delivers tremendous value

when supported by

informationtechnology.

Through case studies and

industry research, this

bookshows how leading

companies are using

performance dashboards

toexecute strategy, optimize

business processes, and

improveperformance.

Advanced Environmental Monitoring Young Kim 2007-10-31 This book deals with recent developments and applications of environmental monitoring technologies, with emphasis on rapidly progressing optical and biological methods. Written by worldwide experts, this book will be of interest to environmental scientists in academia, research institutes, industry and the

government.

High-Performance Modelling and Simulation for Big Data Applications Joanna Kołodziej 2019-03-25 This open access book was prepared as a Final Publication of the COST Action IC1406 “High-Performance Modelling and Simulation for Big Data Applications (cHiPSet)” project. Long considered important pillars of the scientific method, Modelling and Simulation have evolved from traditional discrete numerical methods to complex data-intensive continuous analytical optimisations. Resolution, scale, and accuracy have become essential to predict and analyse natural and complex systems in science and engineering. When their level of abstraction raises to have a better discernment of the domain at hand, their representation gets increasingly demanding for computational and data resources. On the other hand, High Performance

Computing typically entails the effective use of parallel and distributed processing units coupled with efficient storage, communication and visualisation systems to underpin complex data-intensive applications in distinct scientific and technical domains. It is then arguably required to have a seamless interaction of High Performance Computing with Modelling and Simulation in order to store, compute, analyse, and visualise large data sets in science and engineering. Funded by the European Commission, cHiPSet has provided a dynamic trans-European forum for their members and distinguished guests to openly discuss novel perspectives and topics of interests for these two communities. This cHiPSet compendium presents a set of selected case studies related to healthcare, biological data, computational advertising, multimedia, finance, bioinformatics, and

telecommunications. *Fruits Basket Fan Book - Cat* - Natsuki Takaya 2007-09-11 Story summaries, character biographies, color pages, quizzes, stickers, and more--this is the ultimate Fruits Basket fan book! Metropolis John Scalzi 2010-06-08 Five original tales set in a shared urban future—from some of the hottest young writers in modern SF A strange man comes to an even stranger encampment...a bouncer becomes the linchpin of an unexpected urban movement...a courier on the run has to decide who to trust in a dangerous city...a slacker in a "zero-footprint" town gets a most unusual new job...and a weapons investigator uses his skills to discover a metropolis hidden right in front of his eyes. Welcome to the future of cities. Welcome to Metropolis. More than an anthology, Metropolis is the brainchild of five of science fiction's hottest writers—Elizabeth Bear,

Tobias Buckell, Jay Lake, Karl Schroeder, and project editor John Scalzi—who combined their talents to build a new urban future, and then wrote their own stories in this collectively-constructed world. The results are individual glimpses of a shared vision, and a reading experience unlike any you've had before. Old Man's War Series #1 Old Man's War #2 The Ghost Brigades #3 The Last Colony #4 Zoe's Tale #5 The Human Division #6 The End of All Things Short fiction: "After the Coup" Other Tor Books The Android's Dream Agent to the Stars Your Hate Mail Will Be Graded Fuzzy Nation Redshirts Lock In The Collapsing Empire (forthcoming) At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. *Neko Atsume Kitty Collector Haiku: Seasons of the Kitty*, Hit Point 2018-03-13 Haiku for Cat Lovers Follow the

cute cartoon kitties of the Neko Atsume: Kitty Collector mobile game as they stalk through the seasons of the year, their misadventures captured in witty haiku. Have you ever wondered what the Neko Atsume kitties get up to when they're not playing with the toys you set out for them or leaving you fish...? Turn the inventive pages of this haiku almanac and find out! Warning: Includes kitty stats, kitty bios, rare kitties, kitty shenanigans...and STICKERS! -- VIZ Media *I Am a Cat* Soseki Natsume 1986 *Physical Therapy Perspectives in the 21st Century* Josette Bettany-Saltikov 2012-04-05 This book contains new information on physical therapy research and clinical approaches that are being undertaken into numerous medical conditions; biomechanical and musculoskeletal conditions as well as the effects of psychological factors, body

awareness and relaxation techniques; specific and specialist exercises for the treatment of scoliosis and spinal deformities in infants and adolescents; new thermal agents are being introduced and different types of physical therapy interventions are being introduced for the elderly both in the home and clinical setting. Additionally research into physical therapy interventions for patients with respiratory, cardiovascular disorders and stroke is being undertaken and new concepts of wheelchair design are being implemented.

page! Use stickers to set each kitty scene! Visit amazing new kitty worlds! Learn all about the kitties in the official kitty dictionary! There are so many kitties to love! Are you ready? -- VIZ Media

Birth of the Phoenix Jessica Wayne 2021-09-01

Anastasia spent her life longing for an escape. Now, she will spend every waking moment searching for a way back. After a brutal childhood left her with both physical and emotional scars, Anastasia has fought for years to put an end to the nightmares. It's with him, the boy next door who is now the man she cannot live without, that she can finally hope for a happy ending. But in Anastasia's world, hope is a very, very dangerous thing. When she is kidnapped and dragged into a perilous world, Anastasia discovers that her nightmares are not figments of a broken mind, but rather premonitions of her harsh new reality. In a world

plagued with dark magic and monsters determined to tear her apart, can she fight her way to freedom even though the only person who ever believed in her is a world away? Grab your copy today and find out what happens when you stop letting others define you. Please note: This series contains darker elements, including explicit language, mentions of abuse, and torture. It is not intended for anyone under the age of 18. This is the first book in a completed five-book series. It is perfect for anyone who loves friends-to-lovers, portal fantasy, a strong female heroine, and an alpha hero who stands beside her. Fantasy romance for adults!

Tokyo Pop-Up Book Sam Ita 2018-04-10 This adventurous pop-up book for kids whisks you on a whirlwind tour of Tokyo's most famous landmarks! Tokyo Pop-Up Book cleverly pairs cultural and geographical information

with artful paper engineering and an exciting storyline. Follow Chico, a 13-year-old shutterbug, and his mischievous cat Neko as they travel to the world's largest city. It doesn't take long for things to go off course when Neko decides to do some sightseeing on her own! As the pair travels the twists and turns of Tokyo, they pass through unique sites, each with an action pop-up to discover: Asakusa Temple, an ancient Buddhist temple where their adventure begins The thriving shopping district above Akihabara Station A stadium where a rousing Sumo match is in progress Shinjuku Station, where riders are packed into trains by professional "pushers" The imposing Tokyo Skytree tower, the tallest structure in Japan, where poor Neko has a dizzying close call The base of iconic Mt. Fuji, where the adventure has its happy conclusion

[Health Informatics on FHIR: How HL7's New API is](#)

Transforming Healthcare

Mark L. Braunstein

2018-07-26 This textbook begins with an introduction to the US healthcare delivery system, its many systemic challenges and the prior efforts to develop and deploy informatics tools to help overcome those problems. It goes on to discuss health informatics from an historical perspective, its current state and its likely future state now that electronic health record systems are widely deployed, the HL7 Fast Healthcare Interoperability standard is being rapidly accepted as the means to access the data stored in those systems and analytics is increasing being used to gain new knowledge from that aggregated clinical data. It then turns to some of the important and evolving areas of informatics including population and public health, mHealth and big data and analytics. Use cases and case studies are used in all of these

discussions to help readers connect the technologies to real world challenges. Effective use of informatics systems and tools by providers and their patients is key to improving the quality, safety and cost of healthcare. With health records now digital, no effective means has existed for sharing them with patients, among the multiple providers who may care for them and for important secondary uses such as public/population health and research. This problem is a topic of congressional discussion and is addressed by the 21st Century Cures Act of 2016 that mandates that electronic health record (EHR) systems offer a patient-facing API. HL7's Fast Healthcare Interoperability Resources (FHIR) is that API and this is the first comprehensive treatment of the technology and the many ways it is already being used. FHIR is based on web technologies and is thus a far more facile,

easy to implement approach that is rapidly gaining acceptance. It is also the basis for a 'universal health app platform' that literally has the potential to foster innovation around the data in patient records similar to the app ecosystems smartphones created around the data they store. FHIR app stores have already been opened by Epic and Cerner, the two largest enterprise EHR vendors. Provider facing apps are already being explored to improve EHR usability and support personalized medicine. Medicare and the Veteran's Administration have announced FHIR app platforms for their patients. Apple's new IOS 11.3 features the ability for consumers to aggregate their health records on their iPhone using FHIR. Health insurance companies are exploring applications of FHIR to improve service and communication with their providers and patients.

SureScripts, the national e-Prescribing network, is using FHIR to help doctors know if their patients are complying with prescriptions. This textbook is for introductory health informatics courses for computer science and health sciences students (e.g. doctors, nurses, PhDs), the current health informatics community, IT professionals interested in learning about the field and practicing healthcare providers. Though this textbook covers an important new technology, it is accessible to non-technical readers including healthcare providers, their patients or anyone interested in the use of healthcare data for improved care, public/population health or research.

Maneki Neko Susan Lendroth 2010 Retells the Japanese folktale about how the beckoning cat became a symbol of luck and prosperity in Japan.

The Cat Lover's Craft

Book Neko Shugei
2018-11-20 Unleash Your Inner Crazy Craft Lady! Here a cat there a cat, everywhere a crafted cat! Cats to decorate your home, to wear, or to give to someone you love. The Cat Lover's Craft Book is dedicated to those who craft and those who are in love with all things cat-related! Whether you like to embroider, crochet, sew, knit or felt, there's a cat-tastic project inside this charming book you'll want to try your hand at, including: Turn your umbrella handle into a furry cat's tail Sew and embroider a personalized cat book cover Make a lovely hand embroidered brooch or earrings Make a cute cat door stop using a bottle and fabric Make cuddly cat pouches, purses and bags Knit, crochet or sew a charming cat-shaped pillow Sew a chic cat badge or button cover using cross-stitched fabric Sew an adorable cat doll and dress

her up And so much more! Super simple, step-by-step instructions, diagrams, and templates make these adorable cat crafts accessible to knitting, felting and embroidery beginners. These purr-fect needlework crafts will delight cat lovers of all ages, and provide many hours of fun creating cute and kitschy cat-inspired items—the perfect handmade gifts with lots of purr-sonality.

Lok Udyog 1977

The Weirdness Jeremy P. Bushnell 2014-03-04 "This book is wild. And smart. And hilarious. And weird ... in all kinds of good ways. Prepare to be weirded out. And to enjoy it." —Charles Yu, author of *How to Live Safely in a Science Fictional Universe* What do you do when you wake up hung over and late for work only to find a stranger on your couch? And what if that stranger turns out to be an Adversarial Manifestation—like Satan, say—who has brewed you a

fresh cup of fair-trade coffee? And what if he offers you your life's goal of making the bestseller list if only you find his missing Lucky Cat and, you know, sign over your soul? If you're Billy Ridgeway, you take the coffee.

The Last Samurai Mark Ravina 2011-03-29 The dramatic arc of Saigo Takamori's life, from his humble origins as a lowly samurai, to national leadership, to his death as a rebel leader, has captivated generations of Japanese readers and now Americans as well - his life is the inspiration for a major Hollywood film, *The Last Samurai*, starring Tom Cruise and Ken Watanabe. In this vibrant new biography, Mark Ravina, professor of history and Director of East Asian Studies at Emory University, explores the facts behind Hollywood storytelling and Japanese legends, and explains the passion and poignancy of Saigo's life.

Known both for his scholarly research and his appearances on The History Channel, Ravina recreates the world in which Saigo lived and died, the last days of the samurai. *The Last Samurai* traces Saigo's life from his early days as a tax clerk in far southwestern Japan, through his rise to national prominence as a fierce imperial loyalist. Saigo was twice exiled for his political activities -- sent to Japan's remote southwestern islands where he fully expected to die. But exile only increased his reputation for loyalty, and in 1864 he was brought back to the capital to help his lord fight for the restoration of the emperor. In 1868, Saigo commanded his lord's forces in the battles which toppled the shogunate and he became and leader in the emperor Meiji's new government. But Saigo found only anguish in national leadership. He understood the need for a modern conscript army but

longed for the days of the traditional warrior. Saigo hoped to die in service to the emperor. In 1873, he sought appointment as envoy to Korea, where he planned to demand that the Korean king show deference to the Japanese emperor, drawing his sword, if necessary, to defend imperial honor. Denied this chance to show his courage and loyalty, he retreated to his homeland and spent his last years as a schoolteacher, training samurai boys in frugality, honesty, and courage. In 1876, when the government stripped samurai of their swords, Saigo's followers rose in rebellion and Saigo became their reluctant leader. His insurrection became the bloodiest war Japan had seen in centuries, killing over 12,000 men on both sides and nearly

bankrupting the new imperial government. The imperial government denounced Saigo as a rebel and a traitor, but their propaganda could not overcome his fame and in 1889, twelve years after his death, the government relented, pardoned Saigo of all crimes, and posthumously restored him to imperial court rank. In *THE LAST SAMURAI*, Saigo is as compelling a character as Robert E. Lee was to Americans—a great and noble warrior who followed the dictates of honor and loyalty, even though it meant civil war in a country to which he'd devoted his life. Saigo's life is a fascinating look into Japanese feudal society and a history of a country as it struggled between its long traditions and the dictates of a modern future.
