Civil Procedure Scott Dodson 2012-11-19 Students deem Civil Procedure to be one of the hardest classes in law school for good reason. Doctrines from personal jurisdiction to res judicata are difficult to apply to exam fact patterns, and the policies underlying the federal rules can be difficult to grasp. The course is a complex hybrid of common law, statutes, rules, and some constitutional doctrine. For the first time, Oxford University Press equips students with an accessible guide to acing this most challenging of law school tests. In Civil Procedure: Model Problems and Outstanding Answers, Scott Dodson helps students demonstrate their knowledge of civil procedure in the structured and sophisticated manner that professors expect on law school exams. This book includes clear introductions to the major topics in civil procedure, provides hypotheticals that students can expect to see on an exam, and offers model answers to those hypotheticals. Professor Dodson then gives students the opportunity to evaluate their own work with a comprehensive self-analysis section. This book prepares students by challenging them to use the law they learn in class while also explaining the best way to express an answer on law school exams. This second edition has been updated to reflect recent changes to the federal rules of civil procedure. It incorporates new paradigm cases, including Wal-Mart, Goodyear, and McIntyre. The second edition also reflects the new rule and statutory amendments, including the Federal Courts Jurisdictions and Venue Clarification Act of 2011.

Representing Yourself in Federal Court United States District Court 2017-08-04 This Handbook is designed to help people dealing with civil lawsuits in federal court without legal representation. Proceeding without a lawyer is called proceeding "pro se1," a Latin phrase meaning "for oneself," or sometimes "in propria persona," meaning "in his or her own person." Representing yourself in a lawsuit can be complicated, time consuming, and costly. Failing to follow court procedures can mean losing your case. For these reasons, you are urged to work with a lawyer if possible. Chapter 2 gives suggestions on finding a lawyer. Do not rely entirely on this Handbook. This Handbook provides a summary of civil lawsuit procedures, but it may not cover all procedures that may apply in your case. It also does not teach you about the laws that will control your case. Make sure you read the applicable federal and local court rules and do your own research at a law library or online to understand your case. The United States District Court for the Northern District of California has Clerk's Offices in the San Francisco, San Jose and Oakland courthouses. Clerk's Office staff can answer general questions, but they cannot give you any legal advice. For example, they cannot help you decide what to do in your lawsuit, tell you what the law means, or even advise you when documents are due. There are Legal Help Centers in the San Francisco, Oakland and San Jose courthouses where you can get free help with your lawsuit from an attorney who can help you prepare documents and give limited legal advice. This attorney will not be your lawyer and you will still be representing yourself. See Chapter 2 for more details.
